Lagos State

One hundred and ninety-two (192) new COVID-19 cases; this brings the total confirmed cases to 5,135; which is almost half of the total confirmed cases in the nation. The total discharged remains at 875, while 9 more COVID-19 deaths were recorded, this brings COVID-19 related fatalities to 59; which makes up greater than 25% of the total deaths in the nation. Delegates from the Federal Government and the COVID-19 Presidential Task Force are on a two day visit to Lagos to strengthen support for the Lagos State Covid-19 Response Team. Lagos is the epicenter of COVID-19 in Nigeria and has provided leadership for other states. The State will soon move to Home/Community Based Care of mild or moderate COVID-19 cases. Contact tracing and sample collection for COVID-19 still on-going at various sample collection centres across the 20 LGAs of the state.
