Global Updates
According to WHO, total confirmed cases worldwide is 6,799,713 with 397,388 deaths. The top three affected countries include USA, Russian Federation and Brazil. The number of total confirmed cases, new cases and total deaths respectively are as follows: USA (1,886,794; 28,922 and 109,038), Brazil (645,771; 30,830 and 35,026) and Russian Foundation (467,673; 8,984 and 5,859). Globally over 400,000 deaths have been recorded following its emergence from China late last year according to John Hopkins tally; these figures have doubled in the past month and a half, with almost have of the deaths recorded in Europe (183,428), with The United States in the lead with 109,497, followed by Britain with 40,465, Brazil with 35,026, Italy with 33,846 and France with 29,111 fatalities. Brazil threatens to follow in the footsteps of US and pull out of the World Health Organisation, amidst the Brazil government controversial withholding of coronavirus data, as deaths tolls rises. A 108-year old Italian woman has recovered from COVID-19. In Africa, there are 131,324 confirmed cases and 3,148 deaths. South Africa has the highest record of 45,973 confirmed cases and 952 deaths; followed by Nigeria (12,233 confirmed cases, and 342 deaths); Algeria (10,050 confirmed cases, with 698 deaths) and Ghana (9,462 confirmed cases, with 44 deaths).

Nigeria
Two hundred and sixty (260) new COVID-19 cases have been reported from 19 states- Abia (67), FCT (40), Lagos (38), Ogun (19), Gombe (16), Edo (14), Imo (9), Kwara (8), Katsina (8), Nasarawa (8), Borno (8), Kaduna (8), Bauchi (5), Ekiti (4), Niger (2), Ondo (2), Plateau (2), Kano (2) and Sokoto (2). This makes a total of 12,486 confirmed cases of COVID-19 distributed as follows in 35 states and the FCT: Lagos (5,767), Kano (999), FCT (952), Edo (401), Katsina (395), Oyo (365), Borno (356), Ogun (355), Kaduna (343), Rivers (332), Bauchi (291), Jigawa (283), Gombe (217), Delta (48), Kwara (135), Sokoto (129), Plateau (115), Nasarawa (112), Ebonyi (103), Abia (83), Zamfara (76), Imo (68), Yobe (52), Osun (49), Akwa Ibom (45), Niger (44), Adamawa (42), Ondo (42), Kebbi (35), Bayelsa (30), Enugu (30), Anambra (29), Ekiti (29), Taraba (18), Benue (13) and Kogi (3). According to The Nigeria Centre for Disease Control (NCDC), 100 Days of Nigeria’s COVID-19 response report, as at 6th of June following the first case of coronavirus disease (COVID-19) on the 27th of February 2020, one hundred days later, 11,844 confirmed cases, 333 deaths and 3,696 recoveries. The COVID-19 pandemic has affected over 100 countries across the world, more than 6 million people globally affected with the number of deaths exceeding 300,000. The number of laboratories with capacity to test for COVID-19 has increased to 30, with a combined minimum capacity of 10,000 tests daily. The strong collaboration among Government Institutions, as well as with partners and its role as a key strength of Nigeria’s response to COVID-19 cannot be overlooked. The third version of the National Interim Guidelines for Clinical Management of COVID-19 has been published. Edo State Government states 16% of the total number of confirmed COVID-19 cases in the state are health workers infected on the frontline. Places of worship open in Federal Capital Territory, Osun and Kwara State, and are
urged to continue to abide by the guidelines on COVID-19. Nigerians are advised to take individual and collective responsibility by adhering to public health measures such as: Frequent hand hygiene through hand washing or use of alcohol-based sanitiser, use of face mask in the public and observing physical distancing of at least two metres.

Lagos State
Thirty-eight (38) new COVID-19 cases; this brings the total confirmed cases to 5,767 which is almost half (46%) of the total confirmed cases in the nation. The total discharged is 1,025, while COVID-19 related fatalities remain at 67, about one-fifths (19%) of the nation’s mortality figures. Lagos state civil servants from grade 13 get set to resume work following two months of lockdown. Lagos state government continue to put strategies in place for the commencement of home-based management of asymptomatic and mild COVID-19 cases. Contact tracing and sample collection for COVID-19 still on-going at various sample collection centres across the 20 LGAs of the state.
